MARINE DISCHARGE CERTIFICATION FORM

Date: _____
Vessel's Name: _____
Type/ Make: _____ **Year:** _____
Operator/Owner: _____
(Please Specify)

This form acknowledges that the Owner or Operator of the vessel described above has been advised of the following:

- A. It is illegal to discharge raw or untreated sewage into the waters of Broward County and such acts are punishable by fines of up to \$15,000.00 per day; and
- B. The location of the nearest public sewage pump-out facilities; and
- C. All permanently installed sewage systems on vessels must be either approved Type I or II Marine Sanitation Devices or must be adequately locked off while the vessel is docked.

The facility owners and operators are committed to the preservation of the local water, land, and air quality and comply with the requirements of the Broward County Best Management Practices for Marine Facilities.

- 1. No raw sewage or oil contaminated bilge water may be discharges into the water.
- 2. All hazardous chemicals, including waste oil, engine coolant, hydraulic fluid, gasoline, diesel, paint, mineral spirits may only be disposed of in specially marked containers. See management supervisor for location.
- 3. All spills of gas, diesel, oil or other hazardous materials must be reported immediately to the facility operator.
- 4. Boats may only be washed with biodegradable soaps and the amount of soap used must be kept to a minimum.
- 5. Removed paint chips must be captured and taken to specially marked barrels – see management supervisor for location. If more that a small area is being sanded, sanding debris must also be captured by tarps or booms and thrown in the trash. This debris may not be allowed to enter the water or the ground and may not be left where it might be exposed to rainwater.

I have read this form and fully acknowledge that I understand the provisions contained hereon.
